**Youxin Technology Ltd Reports Financial Results for Fiscal Year 2025**

GUANGZHOU, China, Jan. 29, 2026 /PRNewswire/ — Youxin Technology Ltd (Nasdaq: YAAS) (the “Company” or “Youxin Technology”), a software as a service (“SaaS”) and platform as a service (“PaaS”) provider committed to helping retail enterprises digitally transform their businesses, today announced its financial results for the fiscal year ended September 30, 2025.

Mr. Shaozhang Lin, Chief Executive Officer of Youxin Technology Ltd, commented, “In fiscal year 2025, we successfully completed our initial public offering and a follow-on offering, which substantially improved the Company’s liquidity and strengthened financial foundation. A key part of the R&D progress was the successful integration of AI models into our PaaS platform, enabling the generation of complex customized code through natural language and conversational interaction, which significantly enhanced development efficiency and user experience. With AI-enhanced solutions, we have already attracted clients from a broader range of industries, including cosmetics and cruise lines, and have reinforced the scalability of our platform. In parallel, by serving customers across multiple industries, we continued to expand the functionality of our PaaS platform and build multi-industry service capabilities, laying a solid foundation for a potential performance inflection in fiscal year 2026.”

Mr. Lin added, “Fiscal year 2025 marked a year of execution and capability building. Total revenues reached \$0.54 million, representing a 3% increase from fiscal year 2024, primarily driven by the restart of our customized customer relationship management (CRM) system development services. Our net loss for the year was largely attributable to non-recurring items, including IPO- and follow-on-offering-related professional fees, warrant-related expenses, and investment losses, rather than any deterioration in our core operating performance.”

Mr. Lin continued, “The successful acquisition of Celnet Technology Co., Ltd. on October 29, 2025 advanced our internationalization strategy and enhanced our ability to serve multinational and large domestic enterprises through its extensive Salesforce implementation experience, further improving the practicality and enterprise readiness of our PaaS platform. Looking ahead, we plan to fully commercialize our R&D achievements and aim to achieve operating breakeven by fiscal year 2026. We will continue to promote our PaaS and SaaS solutions across various sectors and, together with our partners, pursue opportunities to expand into international markets, positioning the Company to support customers’ overseas expansion and sustainable growth in 2026 and beyond.”

## Fiscal Year 2025 Financial Results

### Revenues

Total revenues were \$0.54 million in fiscal year 2025, an increase of 3% from \$0.52 million in fiscal year 2024. The increase was mainly because the Company restarted the customized CRM system development services.

(\$)	For the years ended September 30,					
	2025			2024		
	Revenue	Cost of Revenue	Gross Margin	Revenue	Cost of Revenue	Gross Margin
Professional services	515,684	356,807	31%	275,314	158,880	42%
Payment channel services	21,590	-	100%	206,526	-	100%
Others	2,200	2,702	(23)%	39,401	20,768	47%
<b>Total</b>	<b>539,474</b>	<b>359,509</b>	<b>33%</b>	<b>521,241</b>	<b>179,648</b>	<b>66%</b>

Revenue from professional services was \$0.52 million in fiscal year 2025, an increase of 87% from \$0.28 million in fiscal year 2024.

- Revenue from customized CRM system development services was \$0.29 million in fiscal year 2025. The Company did not generate revenue from customized CRM system development services in fiscal year 2024. The increase was mainly due to the Company restarting the customized CRM system development service.
- Revenue from the additional function development services was \$38,808 in fiscal year 2025, a decrease of 9% from \$42,758 in fiscal year 2024. The decrease was mainly due to the less new needs of the function development from the existing clients for fiscal year 2025.
- Revenue from subscription services was \$0.19 million in fiscal year 2025, a decrease of 18% from \$0.23 million in fiscal year 2024. The decrease was mainly due to the decreasing customized CRM system development services from 2023 to 2024, which led to the Company to provide less subscription service in the following periods.

### Cost of Revenues

Cost of revenues was \$0.36 million in fiscal year 2025, an increase of 100% from \$0.18 million in fiscal year 2024.

### Gross Profit

Gross profit was \$0.18 million in fiscal year 2025, compared to \$0.34 million in fiscal year 2024.

### ***Operating Expenses***

Operating expenses were \$3.04 million in fiscal year 2025, compared to \$1.73 million in fiscal year 2024.

- Selling expenses were \$0.13 million in fiscal year 2025, an increase of 38% from \$0.09 million in fiscal year 2024. The increase was mainly due to the increase in advertising and promotion expenses. The increase of advertising and promotion expenses by \$25,661 or 3,270% was primarily due to an increase in putting effort to the business promotion to expand customer base for fiscal year 2025, compared to fiscal year 2024.
- General and administrative expenses were \$2.75 million in fiscal year 2025, an increase of 454% from \$0.50 million in fiscal year 2024. The increase for fiscal year 2025 was primarily due to the professional fees incurred during the IPO and the follow-up offering that were not directly attributable of the offerings were expensed as incurred.
- Research and development expenses were \$0.16 million in fiscal year 2025, a decrease of 86% from \$1.14 million in fiscal year 2024. The decrease was primarily attributed to the decrease in labor related costs including salary and welfare by \$0.90 million or 94% for fiscal year 2025 compared to fiscal year 2024.

### ***Other Income (Expense), Net***

Total net other expense was \$6.79 million in fiscal year 2025, compared to total net other income of \$0.11 million in fiscal year 2024, primarily due to loss from investments of \$2.74 million, issuance costs allocated to warrant liabilities of \$0.88 million, and loss on issuance of warrant liabilities of \$5.80 million in fiscal year 2025, partly offset by gains from change in fair value of warrant liabilities of \$2.65 million.
