The objective of the share consolidation is to increase the per-share trading price of the Company's Class A ordinary shares and provide the Company with greater flexibility to support the continued listing and marketability of its securities.

Beginning with the opening of trading on November 27, 2026, the Company's Class A ordinary shares will trade on the Nasdaq Capital Market on a split-adjusted basis, under the same symbol "YAAS" but under a new CUSIP number, G9876W146.

The share consolidation will reduce the number of the Company's Class A ordinary shares issued and outstanding from approximately 6,769,352 to approximately 1,128,226 (subject to adjustment due to the effect of rounding up fractional shares into whole shares).
